Volumen de prismas y pirámides

Determine el volumen (V) de cada pirámide o prisma.

1 u

The image shows five geometric solids on a grid background. In the top left corner, a small triangle is labeled '1 u', indicating the grid unit. The solids are:

- A triangular pyramid with a height of 8 u .
- A triangular pyramid with a height of 4 u .
- A pentagonal pyramid with a height of $6,5\text{ u}$.
- A cube (a square prism).
- A rectangular prism.
