En parejas, crean un diálogo sobre los cambios que han producido algunas tecnologías en las personas. Usan expresiones como *I agree/disagree, pleased, for ages, I had read/learned/..., as soon as* y vocabulario de la unidad. Algunas parejas presentan sus diálogos frente al curso. Por ejemplo:

*A: Have you read about this new device?*

*B: No, what is it?*

*A: It's a ring that can block or share all your personal information.*

*B: That's cool, but is it useful?*

*A: They say it is. I believe it will be for sale as soon as it shows it's safe.*

*B: Well, I hope we don't have to wait for ages to get one.*
